School Library Systems of New York State

funded by NYS, are committed to students by using these funds to:

- Purchase resources for ALL member schools, thereby providing equitable access to quality materials for all students. This is especially beneficial for districts whose library budgets consist only of the NYS library aid of $6.25/student.

- Advocate for students, by urging administrators, teachers and legislators to support certified school librarians. Research repeatedly shows that students in schools staffed by certified school librarians demonstrate higher levels of achievement.

- Provide professional development to librarians, including scholarships to local, state and national conferences. This ensures school librarians are current on research and technology when teaching students to think critically, evaluate sources and synthesize information.

- Purchase online resources for student and teacher use in order to facilitate the development of digital citizenship and 21st Century media literacy skills.
Celebrating 30+ Years!
since 1985
